

# Index to Volume 89

## Author index

### A

- ABOU, AREF (*see* RUCH, BLAKE, ABOU, LADO, AND RUCH), 727
- ADAMS, THEODORE W. (*see* DE ALVAREZ, ADAMS, NICHOLS, AND PAGE), 392
- ADAMSONS, KARLIS, JR. (*see* FREDA AND ADAMSONS), 817 (Current investigation)
- AFONSO, JOSE F., AND DE ALVAREZ, RUSSELL R., New electrophoretic protein zone in pregnancy, 204
- ALEXANDER, J. ALAN, ROGERS, STANLEY F., JACOBS, M. WARREN, AND WILLS, SEWARD H., Rapid stabilization by hypotensive drugs followed by early delivery in antepartum eclampsia treatment, 77
- ALVIZOURI, MARIO, AND RAMIRÉZ DE PITA, VICTORIA, Experimental carcinoma of the cervix, 940
- ANCLA, MICHELINE (*see* DE BRUX AND ANCLA), 661
- ANDERSON, GAIL V. (*see* WESTERHOUT, HODGMAN, ANDERSON, AND SACK), 957
- ANDERSON, MARIE R. (*see* DOUGHERTY AND ANDERSON), 23
- ARMENIA, CARMELO S., SHAVER, DOROTHY N., AND MODISHER, MELVIN W., Decidual transformation of the cervical stroma simulating reticulum cell sarcoma, 808
- ASSALI, N. S. (*see* SMITH, MORRIS, AND ASSALI), 252
- AYERS, M. A. (*see* HODGKINSON, EYLER, AND AYERS), 111

### B

- BADER, GENEVIEVE MARY (*see* JORDAN, BADER, AND DAY), 160
- BAGGA, O. P. (*see* MULICK, BAGGA, AND DU MULICK), 766
- BANNER, EDWARD A. (*see* HANTON, PRATT, AND BANNER), 934
- BARDEN, TOM P. (*see* STANDER, BARDEN, THOMPSON, PUGH, AND WERTS), 792
- BAR-ILAN, ZIPPORA (*see* BARZEL, BAR-ILAN, RUMNEY, LAZEBNIK, ECKERLING, AND DeVRIES), 519
- BARON, JOEL J., Glycemia profile in pregnancy, 559 (Correspondence)
- BARZEL, URIEL S., BAR-ILAN, ZIPPORA, RUMNEY, GIDEON, LAZEBNIK, YAAKOV, ECKERLING, BENJAMIN, AND DE VRIES, ANDRE, Pheochromocytoma and pregnancy, 519
- BATEMAN, WILLIAM, Treatment of intractable menorrhagia by bilateral uterine vessel interruption, 825 (Comm. in brief)
- BATES, HELEN M. (*see* HUTCHERSON, SCHWARTZ, AND BATES), 70
- BATES, R. HAMPTON, JR., Protein concentration in amniotic fluid, 559 (Correspondence)
- BATTAGLIA, FREDERICK C., AND HELLEGERS, ANDRÉ E., Permeability to carbohydrates of human chorion laeve in vitro, 771
- (*see* SEEDS, BEHRMAN, BATTAGLIA, HELLEGERS, AND BRUNS), 476
- BECK, R. (*see* SMITH, MORRIS, AND ASSALI), 252
- BECK, R. P., AND HSU, NORA, Relationship of urethral length and anterior wall relaxation to urinary stress incontinence, 738

- , AND MAUGHAN, G. B., Simultaneous intraurethral and intravesical pressure studies in normal women and those with stress incontinence, 746
- BEHRMAN, RICHARD E. (*see* SEEDS, BEHRMAN, BATTAGLIA, HELLEGERS, AND BRUNS), 476
- BENSON, RALPH C. (*see* FUJIKURA AND BENSON), 225
- BEPKO, FRANK J., JR. (*see* CONNOR AND BEPKO), 822 (Comm. in brief)
- BERGER, MAX, AND BOUCEK, ROBERT J., Irreversible uterine and renal changes induced by placental ischemia (rabbit), 230
- BHOSE, LOKENATH, Postpartum eclampsia, 898
- BIRNBERG, CHARLES H., AND BURNHILL, MICHAEL S., New intrauterine contraceptive device, 137 (Comm. in brief)
- BLACK, WILLIAM T., Use of presacral sympathectomy in the treatment of dysmenorrhea, 16
- BLAKE, CLELLAND (*see* RUCH, BLAKE, ABOU, LADO, AND RUCH), 727
- BLANCHARD, M. LAVÉRNE (*see* HELLER AND JONES), 414 (Current investigation)
- BOARD, JOHN A., Effect of colchicine on human ovulation, 830 (Comm. in brief)
- BORELL, ULF, FERNSTRÖM, INGMAR, OHLSON, LARS, AND WIVQUIST, NILS, Effect of uterine contractions on the human uteroplacental circulation, 881
- BOROS, HAROLD H., AND PRIVER, MAURICE S., Ethchlorvynol as a sedative in labor, 1016
- BOTSCHNER, ANDREW W. (*see* ULLERY AND BOTSCHNER), 556 (Correspondence)
- BOUCEK, ROBERT J. (*see* BERGER AND BOUCEK), 230
- BRADBURY, JAMES T. (*see* KEETTEL AND BRADBURY), 83
- BREWER, TOM, Toxemia of pregnancy, 838 (Correspondence)
- BRUNS, PAUL D. (*see* SEEDS, BEHRMAN, BATTAGLIA, HELLEGERS, AND BRUNS), 476
- BRZEZINSKI, AHARON, SADOVSKY, ELIAHU, AND SHAFRIR, ELEAZAR, Protein composition of early amniotic fluid and fetal serum with case of bis-albuminemia, 488
- BUELL, PHILIP (*see* JONES, SCHWINN, BULLOCK, VARGA, DUNN, AND BUELL), 285
- BULLOCK, WELDON K. (*see* JONES, SCHWINN, BULLOCK, VARGA, DUNN, AND BUELL), 285
- BURKHART, FRED L. (*see* LAHAYE AND BURKHART), 263
- BURNHILL, MICHAEL S. (*see* BIRNBERG AND BURNHILL), 137 (Comm. in brief)

### C

- CAMEL, H. MARVIN (*see* SHERMAN AND CAMEL), 439
- CAMPBELL, ARTHUR A., The incidence of operations that prevent conception, 694 (Pertinent comments)
- CARTER, WILLIAM F., FAUCHER, GUY L., AND GREENBLATT, ROBERT B., Evaluation of a new progestational agent, 6,17 $\alpha$ -dimethyl-6-dehydropregesterone, 635
- CAVA, JOSE M. (*see* SMITH, CAVA, AND MEYER), 732
- CAVANAGH, DENIS, Reply by Dr. Cavanagh to letter in April 1, 1964, issue, 559 (Correspondence)
- , Toxemia of pregnancy, reply, 839 (Correspondence)

May 1, pp. 1-140; May 15, pp. 141-280; June 1, pp. 281-420; June 15, pp. 421-560; July 1, pp. 561-700; July 15, pp. 701-840; August 1, pp. 841-974; August 15, pp. 975-1118.

## Subject index

### A

- Abdominal pregnancy, experimentally induced, in mice (Hreshchysyn and Hreshchysyn), 829 (Comm. in brief)
- Abnormality, chromosomal, in girl with some features of Down's syndrome (Mongolism) (Warkany and Soukup), 548 (Abst.)
- Abortion upon carbohydrate pathways of endometrium, effect of treatment for sterility and (Hughes, Jacobs, and Rubulis), 59
- curettage in, local anesthesia for (Connor and Bepko), 822 (Comm. in brief)
- induced (Mumford), 838 (Correspondence)
- therapeutic (Hammond), 349
- Abstracts, 543-553, 836-837, 1084-1088
- Acetylcholine in uterine motility and blood flow, role of parasympathetic neurohormone—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 860
- Acid, pyruvic, blood, in thalidomide neuropathy (Buckle), 1087 (Abst.)
- ACOG tour to Fourth World Congress of International Federation of Gynecology and Obstetrics, Sept. 18, 1964, official, 140 (Item)
- Acroparesthesias in pregnancy (Soferman, Weissman, and Haimov), 528
- Adenomyosis, endometriosis and (Dougherty and Anderson), 23
- Adhesions, traumatic intrauterine (Jones), 304
- Afebrile complications, subfebrile and, of urinary tract in pregnancy, question of (Rummel and Walch), 552 (Abst.)
- Aldosterone in normal pregnancy, secretion rate of (Watanabe et al.), 1088 (Abst.)
- Amenorrhea and pregnancy, Weber-Christian disease (McCall), 362
- and urogenital fistulae (Medina and Neme), 837 (Abst.)
- American Board of Obstetrics and Gynecology, 140 (Item)
- 1089 (Item)
- certification by, 1089 (Item)
- Society of Cytology, 1089 (Item)
- Amnii, liquor, and its application in Rh incompatibility, immunological determination of chorionic gonadotropin in (McCarthy and Pennington), 1074
- Amniotic fluid, 476-494
- early, protein composition of, and fetal serum with case of bis-albuminemia (Brzezinski, Sadovsky, and Shafir), 488
- protein concentration in (Bates), 559 (Correspondence)
- total solute concentration, changes in, in rhesus monkey (Seeds et al.), 476
- Anaerobic metabolism in human fetus and normal delivery (Derom), 241
- Analgesia and sedation in labor, 1009-1025
- Anatomie pathologique gynécologique et obstetricale (Gompel), 832 (B. rev.)
- Anatomy, human developmental (Davies), 834 (B. rev.)
- Anemia, megaloblastic, in pregnancy and puerperium (Fraser and Watt), 532 (Comm. in brief)
- Anesthesia, block, paracervical (Freeman), 554; reply (Nyirjesy), 555 (Correspondence)
- for labor and delivery, combined paracervical-pudendal block (Davis et al.) 366
- local, for curettage in abortions (Connor and Bepko), 822 (Comm. in brief)

- Annual meeting of Pacific Coast Fertility Society, 560 (Item)
- Anomalies, congenital, multiple, child with, probable isochromosome in (Carr, Barr, and Rathbun), 547 (Abst.)
- Antenatal prediction of hemolytic disease of newborn infant, maternal chorionic gonadotrophin concentration as aid to (McCarthy and Pennington), 1069
- Antepartum eclampsia treatment, rapid stabilization by hypotensive drugs followed by early delivery in (Alexander et al.), 77
- Anterior wall relaxation, urethral length and, relationship of, to urinary stress incontinence (Beck and Hsu), 738
- Antibodies, Rh, inhibition of (Pearse and Hobel), 46
- Antibody and unexplained infertility antispermatozoal (Franklin and Dukes), 6
- Antispermatozoal antibody and unexplained infertility (Franklin and Dukes), 6
- Appendix, vermiform, in benign cystic teratoid tumor of ovary (Gundersen and Greene), 534 (Comm. in brief)
- Arias-Stella endometrial atypias (de Brux and Ancla), 661
- Armadillo, *Dasypus novemcinctus mexicanus*, including choriocarcinoma, thalidomide induced alterations in blastocyst and placenta of (Marin-Padilla and Benirschke), 1084 (Abst.)
- Arteries, hypogastric, internal iliac, pregnancy following bilateral ligation of (Given, Gates, and Morgan), 1078 (Comm. in brief)
- Arteriosus, ductus, circulation in fetal lamb, effects of chemical mediators on pulmonary and (Smith, Morris, and Assali), 252
- Artificial blood-oxygenation on newborn dogs, experiments with (Katsuhara, Kolff, and Taylor), 608
- Atlas für praxis, chirurgische operationen (Grewe, Kremer, and Derra), 832 (B. rev.)
- Atresia, split-thickness skin graft technique in correction of congenital and acquired vaginal (Whitely, Parrott, and Rowland), 377
- Atypias, Arias-Stella endometrial (de Brux and Ancla), 661
- invasive, experimental, in mice, sex steroids and (Kamietzky and Swerdlow), 716
- Autonomic nervous system in uterine contractility and blood flow, role of—interaction between neurohormones and sex steroids in intact and isolated uterus (Shabanah, Toth, and Maughan), 841
- role of parasympathetic neurohormone acetylcholine in uterine motility and blood flow (Shabanah, Toth, and Maughan), 860
- Axillary node metastases from pelvic cancer (Hreshchysyn and Graham), 535 (Comm. in brief)

### B

- Babies, premature, chloramphenicol-bilirubin interaction in (Iossifides, Smith, and Keitel), 548 (Abst.)
- Bacteriuria during pregnancy (Schamadani), 10
- Bayer preparation E 39 soluble, treatment of inoperable ovarian cancer with (Krawczyk and Nowicka), 837 (Abst.)
- Bell's palsy in last trimester of pregnancy and puerperium (Edwards), 274 (Comm. in brief)

May 1, pp. 1-140; May 15, pp. 141-280; June 1, pp. 281-420; June 15, pp. 421-560; July 1, pp. 561-700; July 15, pp. 701-840; August 1, pp. 841-974; August 15, pp. 975-1118.

- Bendroflumethiazide in pregnancy, prophylactic and therapeutic use of (Cuadros and Tatum), 891
- Benign cystic teratoid tumor of ovary, vermiform appendix in (Gundersen and Greene), 534 (Comm. in brief)
- Beyond the punch card—a patient (Hollenbeck), 1
- Bilateral ligation of internal iliac (hypogastric) arteries, pregnancy following (Given, Gates, and Morgan), 1078 (Comm. in brief)
- uterine vessel interruption, treatment of intractable menorrhagia by (Bateman), 825 (Comm. in brief)
- Biology and medicine, Soviet, electronic processing in (Rinteln and Mueller-Dietz), 545 (Abst.)
- reproductive, graduate training program in, 560 (Item)
- Bis-albuminemia, case of, protein composition of early amniotic fluid and fetal serum with (Brzezinski, Sadovsky, and Shafrir), 488
- Blastocyst and placenta of armadillo, *Dasypus novemcinctus mexicanus*, including choriocarcinoma, thalidomide induced alterations in (Marin-Padilla and Benirschke), 1084 (Abst.)
- Block anesthesia for labor and delivery, combined paracervical-pudendal (Davis et al.), 366
- paracervical (Freeman), 554; reply (Nyirjesy), 555 (Correspondence)
- Blood circulation, effect of uterine contractions on human uteroplacental (Borell et al.), 881
- flow, role of autonomic nervous system in uterine contractility and—interaction between neurohormones and sex steroids in intact and isolated uterus (Shabanah, Toth, and Maughan), 841
- role of parasympathetic neurohormone acetylcholine in uterine motility and blood flow (Shabanah, Toth, and Maughan), 860
- loss at delivery, effect of parental magnesium sulfate therapy on (Rowland and Pritchard), 261
- maternal, fetal cells in (Brown and Cowles), 551 (Abst.)
- pyruvic acid in thalidomide neuropathy (Buckle), 1087 (Abst.)
- Blood-oxygenation on newborn dogs, experiments with artificial (Katsuhara, Kolff, and Taylor), 608
- Bloodstream, tumor cells in, associated with gynecological malignancies, on determination of (Erdenen and Jaeger), 837 (Abst.)
- Book reviews, 277-280, 832-835, 1082-1083
- Books received for review, 542
- Brain damage, those with, normal infants and, cry latencies of (Fischelli and Karelitz), 548 (Abst.)
- Breast disorders, responsibility of gynecologist in diagnosis of (Hoffman), 296
- Busulphan, production of ovarian dysgenesis in the rat and human by (Heller and Jones), 414 (Current investigation)
- C**
- Calculi associated with pregnancy, urinary (McVann), 314
- Cancer (*see also* carcinoma)
- of cervix, incurable, palliative urinary diversion in (Parente), 742
- treatment of, 421-452
- cytologic diagnosis of (Graham), 833 (B. rev.)
- ovarian, inoperable, treatment of, with Bayer preparation E 39 soluble (Krawczyk and Nowicka), 837 (Abst.)
- pelvic, axillary node metastases from (Hreshchysyn and Graham), 535 (Comm. in brief)
- lymphovenography in (Smith, Cava, and Meyer), 732
- of uterine cervix (Graham, Graham, and Schulz), 421
- Carbohydrate pathways of endometrium, effect of treatment for sterility and abortion upon (Hughes, Jacobs, and Rubulis), 59
- Carbohydrates of human chorion laeve in vitro, permeability to (Battaglia and Hellegers), 771
- Carbon-14 labeled histidine enantiomorphs in primates, placental transmission of tritium and (Kelly et al.), 776
- Carcinogenesis in squamous and columnar epithelium of mouse uterus by string method of producing cervical carcinoma, comparative study of (Iijima, Nasu, and Taki), 946
- Carcinoma (*see also* cancer)
- cervical (Diddle and Williamson), 975
- changing incidence of (Ruch et al.), 723
- of cervix, 723-737, 975-989
- experimental, 940-956
- (Alvizouri and Ramirez de Pita), 940
- during pregnancy (Jones et al.), 285
- radical hysterectomy in, suggestions and technique for what should be considered (Louros), 432
- using telecobalt, percutaneous irradiation as exclusive treatment in (Frischkorn), 836 (Abst.)
- uteri, diagnosis, treatment, and complications for (Sherman and Camel), 439
- with cobalt teletherapy and cytostatics (chlorambucil), combined treatment of disseminated ovarian (Papavasiliou and Kostouros), 691
- comparative study of carcinogenesis in squamous and columnar epithelium of mouse uterus by string method of producing cervical carcinoma (Iijima, Nasu, and Taki), 946
- and dysplasia of cervix—comparison of rates for new and returning populations (Stern and Neely), 1085 (Abst.)
- in situ of cervix and related lesions (Jordan, Bader, and Day), 160
- of vagina (Copenhaver, Salzman, and Wright), 962
- intraepithelial, of cervix, 160-182
- with differentiated surface cells and dysplasia—definition and separation of these lesions (Klavins), 1085 (Abst.)
- patients, meaning of serum protein determination in subsequent care for (Bayer), 836 (Abst.)
- in total hysterectomy, unintentional removal of invasive epidermoid cervical (Moore), 320
- of umbilicus (O'Leary and O'Leary), 136 (Comm. in brief)
- of uterine cervix, carcinomatous infiltration into uterine body in (Mitani et al.), 984
- intraepithelial, invasive, four cases of vaginal recurrences of (Bret and Coupey), 1084 (Abst.)
- of vulva (Minh and Lang), 1079 (Comm. in brief)
- Carcinomatous infiltration into uterine body in carcinoma of uterine cervix (Mitani et al.), 984
- Cardiac, fetal, effects of maternal isoxsuprine infusion (Stander et al.), 792
- Catecholamine content of initial voided urine in newborn (Howard, McDevitt, and Stander), 615
- Cavanagh, reply by, in letter in April 1, 1964, issue (Cavanagh), 559 (Correspondence)
- Cells, differentiated surface, and dysplasia, intraepithelial carcinoma with—definition and separation of these lesions (Klavins), 1085 (Abst.)
- fetal, in maternal blood (Brown and Cowles), 551 (Abst.)
- by means of fluorochrome method, identification of trophoblastic (De Mello, De Kastner, and Viana), 606
- Central Association of Obstetricians and Gynecologists, Transactions of Thirty-first Annual Meeting, 1-129
- Certification by American Board of Obstetrics and Gynecology, 1089 (Item)
- Cervical carcinoma (Diddle and Williamson), 975
- changing incidence of (Ruch et al.), 727
- comparative study of carcinogenesis in squamous and columnar epithelium of mouse uterus by string method of producing (Iijima, Nasu, and Taki), 946

Cervical carcinoma—Cont'd

- in total hysterectomy, unintentional removal of invasive epidermoid (Moore), 320
- dynamometry (Siener), 579
- isthmus clamp (Siegler), 558 (Correspondence)
- secretions, protein spectrum of, during course of pregnancy (Trnka, Rejnek, and Doležal), 215
- stroma simulating reticulum cell sarcoma, decidual transformation of (Armenia, Shaver, and Modisher), 808
- Cervix, cancer of, treatment of, 421-452
  - carcinoma of, 723-737, 975-989
    - and dysplasia of—comparison of rates of new and returning populations (Stern and Neely), 1085 (Abst.)
    - in situ of, and related lesions (Jordan, Bader, and Day), 160
    - radical hysterectomy in, suggestions and technique for what should be considered (Louros), 432
    - using telecobalt, percutaneous irradiation as exclusive treatment in (Frischkorn), 836 (Abst.)
  - experimental carcinoma of (Alvizouri and Ramírez de Pita), 940
  - incurable cancer of, palliative urinary diversion in (Parente), 742
  - intraepithelial carcinoma of, 160-182
    - during pregnancy, carcinoma of (Jones et al.), 285
    - reticulum cell sarcoma of (Vieaux and McGuire), 134 (Comm. in brief)
  - uteri, carcinoma of, diagnosis, treatment, and complications for (Sherman and Camel), 439
  - uterine, cancer of (Graham, Graham, and Schulz), 421
    - carcinomatous infiltration into uterine body in carcinoma of (Mitani et al.), 984
    - four cases of vaginal recurrences of invasive intraepithelial carcinoma of (Bret and Coupez), 1084 (Abst.)
  - and symphysis pubis, observations on, effect of relaxin on uterus of monkeys with (Hisaw and Hisaw), 141
- Chemical
  - mediators, effects of, on pulmonary and ductus arteriosus circulation in fetal lamb (Smith, Morris, and Assali), 252
- Child with multiple congenital anomalies, probable isochromosome in (Carr, Barr, and Rathbun), 547 (Abst.)
- Children, infants and, renal extraction of para-aminohippurate in (Calcagno and Rubin), 1088 (Abst.)
- Chirurgie, wiederherstellende und plastische (Gelbke), 1083 (B. rev.)
- Chirurgische operationen, atlas für praxis (Grewe, Kremer, and Derra), 832 (B. rev.)
- Chlorambucil, combined treatment of disseminated ovarian carcinoma with cobalt teletherapy and cytostatics (Papavasiliou and Kostouros), 691
- Chloramphenicol-bilirubin interaction in premature babies (Iossifides, Smith, and Keitel), 548 (Abst.)
- Chorioadenoma destruens—perforation, resection, and subsequent pregnancy (Rubin), 536 (Comm. in brief)
- Choriocarcinoma, thalidomide induced alterations in blastocyst and placenta of armadillo, *Dasypus novemcinctus mexicanus*, including choriocarcinoma (Marin-Padilla and Benirschke), 1084 (Abst.)
- Chorion laeve in vitro, human, permeability to carbohydrates of (Battaglia and Hellegers), 771
- Chorionic gonadotrophin concentration, maternal, as aid to antenatal prediction of hemolytic disease of newborn infant (McCarthy and Pennington), 1069
  - human, isolation by disk electrophoresis (Lytle and Haskell), 156
  - in liquor amnii and its application in Rh incompatibility, immunological determination of (McCarthy and Pennington), 1074
- Chromosomal abnormality in girl with some features of Down's syndrome (Mongolism) (Warkany and Soukup), 548 (Abst.)

- Circulation, effect of uterine contractions on human uteroplacental blood (Borell et al.), 881
  - pulmonary and ductus arteriosus, in fetal lamb, effects of chemical mediators on (Smith, Morris, and Assali), 252
- Clamp, isthmus, cervical (Siegler), 558 (Correspondence)
- Clinical and laboratory effects of metronidazole (Gardner and Dukes), 990
- Cobalt teletherapy and cytostatics (chlorambucil), combined treatment of disseminated ovarian carcinoma with (Papavasiliou and Kostouros), 691
- Colchicine, effect of, on human ovulation (Board), 830 (Comm. in brief)
- Collagen fibers, helical, in uterus—extracellular studies of uterus (Fainstat), 1026
- Colon, endometrioma of, surgical management of (Davis and Trueheart), 453
- Colpophotogram, use of (Fegerl), 827 (Comm. in brief)
- Columnar epithelium of mouse uterus by string method of producing cervical carcinoma, comparative study of carcinogenesis in squamous and (Iijima, Nasu, and Taki), 946
- Communications in brief, 134-140, 272-276, 532-541, 822-831, 1078-1081
- Complications, afebrile, subfebrile and, of urinary tract in pregnancy, question of (Rummel and Walch), 552 (Abst.)
  - medical, of pregnancy, 510-531
    - postoperative morbidity and preoperative temperature elevation with relation to (Zeigerman and Sandler), 538 (Comm. in brief)
- Conception, incidence of operations that prevent (Campbell), 694 (Pertinent comments)
- Congenital anomalies, multiple, child with probable isochromosome in (Carr, Barr, and Rathbun), 547 (Abst.)
  - hydrocolpos (Westerhout et al.), 957
- Contraception and sterilization, panel discussion on (de Alvarez et al.), 392
- Contraceptive device, new intrauterine (Birnberg and Burnhill), 137 (Comm. in brief)
- Contractility and blood flow, role of autonomic nervous system in uterine interaction between neurohormones and sex steroids in intact and isolated uterus (Shabanah, Toth, and Maughan), 841
  - role of parasympathetic neurohormone acetylcholine in uterine motility and blood flow (Shabanah, Toth, and Maughan), 860
- Copper, iron and, in serum of women in pregnancy, labor, and puerperium, as well as in newborn, investigation on relation of (Hejduk), 552 (Abst.)
- Cord encirclement, study of umbilical (Horwitz, Finn, and Mastrota), 970
- Correspondence, 554-559, 838-840
- Cry latencies of normal infants and those with brain damage (Fischelli and Karelitz), 548 (Abst.)
- Curettage in abortions, local anesthesia for (Connor and Bepko), 822 (Comm. in brief)
- Current investigation, 414, 817-821
- Cutaneous, ulcerating, Hodgkin's disease of vulva (Labes and Ring), 272 (Comm. in brief)
- Cyst, dermoid, disgerminoma and, in one ovary (Abrahamson), 552 (Abst.)
- Cystic teratoid tumor, benign, of ovary, verniform appendix in (Gundersen and Greene), 534 (Comm. in brief)
- Cyto- and histopathologic correlation in mixed mesenchymal tumors of uterus (Howdon et al.), 670
- Cytologic diagnosis of cancer (Graham), 833 (B. rev.)
- Cytology, American Society of, 1089 (Item)
  - evaluation of true false negative rate in (Richart), 723
- Cytomegalic inclusion disease (Rosenstein and Navarrete-Reyna), 220
- Cytostatic agents, effect of, on erythrocyte survival time and erythropoiesis (Maus), 836 (Abst.)

- Cytostatics (chlorambucil) combined treatment of disseminated ovarian carcinoma with cobalt teletherapy and (Papavasiliou and Kostouros), 691

## D

- Damage, brain, those with, normal infants and, cry latencies of (Fischelli and Karelitz), 548 (Abst.)
- Dasypus novemcinctus mexicanus, armadillo, including choriocarcinoma, thalidomide induced alterations in blastocyst and placenta of (Marin-Padilla and Benirschke), 1084 (Abst.)
- Decidual changes simulating sarcoma, 808-816  
transformation of cervical stroma simulating reticulum cell sarcoma (Armenia, Shaver, and Modisher), 808
- De Lange's syndrome in newborn Jamaican infant (Thornburn), 828 (Comm. in brief)
- Deliveries, perinatal mortality and maternal morbidity in spontaneous and forceps vaginal (Nyirjesy and Pierce), 568
- Delivery in antepartum eclampsia treatment, rapid stabilization by hypotensive drugs followed by early (Alexander et al.), 77  
blood loss at, effect of parenteral magnesium sulfate therapy on (Rowland and Pritchard), 261  
combined paracervical-pudendal block anesthesia for labor and (Davis et al.), 366  
forceps, electronically recorded, infants delivered by, follow-up evaluation of (McIntire and Pearse), 540 (Comm. in brief)  
instrument (Ullery), 556; reply (Kelly), 558 (Correspondence)  
normal, anaerobic metabolism in human fetus and (Derom), 241
- Deprivation, chronic, of fetus (panel discussion) (Gruenwald, Dawkins, and Hepner, moderators), 551 (Abst.)
- Dermoid cyst, disgerminoma and, in one ovary (Abrahamson), 552 (Abst.)
- Destruens, chorioadenoma—perforation, resection, and subsequent pregnancy (Rubin), 536 (Comm. in brief)
- Diagnosis, cytologic, of cancer (Graham), 833 (B. rev.) of pregnancy, 583-594
- Diamine oxidase in human pregnancy (Southren et al.), 199
- Differentiated surface cells and dysplasia, intraepithelial carcinoma with—definition and separation of these lesions (Klavins), 1085 (Abst.)
- 6,17 $\alpha$ -dimethyl-6-dehydropregesterone, evaluation of new progestational agent (Carter, Faucher, and Greenblatt), 635
- Disease, cytomegalic inclusion (Rosenstein and Navarrete-Reyna), 220  
hemolytic, of newborn infant, maternal chorionic gonadotrophin concentration as aid to antenatal prediction of (McCarthy and Pennington), 1069  
in patients with Rhesus isoimmunization, fallacies in prediction of severity of (Robertson), 1060  
prediction of, 1060-1077
- Hodgkin's cutaneous, ulcerating, of vulva (Labes and Ring), 272 (Comm. in brief)
- Disgerminoma and dermoid cyst in one ovary (Abrahamson), 552 (Abst.)
- Disorders, responsibility of gynecologist in diagnosis of breast (Hoffman), 296
- Disseminated ovarian carcinoma with cobalt teletherapy and cytostatics (chlorambucil), combined treatment of (Papavasiliou and Kostouros), 691
- Diversion, urinary, palliative, in incurable cancer of cervix (Parente), 742
- DNA and RNA in normal human endometrium (Pinero and Foraker), 657

- Down's syndrome (Mongolism), chromosomal abnormality in girl with some features of (Warkany and Soukup), 548 (Abst.)
- Klinefelter's syndrome, and twinning in same sibship (Wright et al.), 546 (Abst.)
- ovulatory patterns in (Tricomi, Valenti, and Hall), 651
- Ductus arteriosus circulation in fetal lamb, effects of chemical mediators on pulmonary and (Smith, Morris, and Assali), 252
- Dynamometry, cervical (Siener), 579
- Dysgenesis in rat and human by busulphan, production of ovarian (Heller and Jones), 414 (Current investigation)
- Dysmenorrhea, use of presacral sympathectomy in treatment of (Black), 16
- Dysplasia, carcinoma and, of cervix—comparison of rates for new and returning populations (Stern and Neely), 1085 (Abst.)  
intraepithelial carcinoma with differentiated surface cells and—definition and separation of these lesions (Klavins), 1085 (Abst.)

## E

- Eclampsia, postpartum (Bhose), 898  
treatment, rapid stabilization by hypotensive drugs followed by early delivery in antepartum (Alexander et al.), 77
- Ectopic pregnancy, tubal (Douglas), 1086 (Abst.)
- Elderly women, changes of endocrine and internal genitalia in (Tóth and Gimes), 553 (Abst.)
- Electroencephalography, neonatal (Rosen and Satran), 619
- Electron microscopic study of glomerular lesions resulting from intravascular fibrin formation (Vassalli, Simon, and Rouiller), 543 (Abst.)
- Electronic evaluation of fetal and maternal heart rate during hypothermia in pregnant woman (Hess and Davis), 801  
processing in Soviet biology and medicine (Rinteln and Mueller-Dietz), 545 (Abst.)
- Electronically recorded forceps delivery, infants delivered by, follow-up evaluation of (McIntire and Pearse), 540 (Comm. in brief)
- Electrophoresis, disk, isolation of human chorionic gonadotropin by (Lytle and Haskell), 156
- Electrophoretic protein zone, new, in pregnancy (Afonso and de Alvarez), 204
- Enantiomorphs, tritium and carbon-14 labeled histidine, in primates, placental transmission of (Kelly et al.), 776
- Encirclement, study of umbilical cord (Horwitz, Finn, and Mastrotta), 970
- Endocrine and internal genitalia in elderly women, changes of (Tóth and Gimes), 553 (Abst.)
- Endocrinologic basis of successful transplantation of human trophoblast, immunologic and (Lajos et al.), 595
- Endocrinology, 141-159, 634-656  
human (Kupperman), 835 (B. rev.)
- Endometrial atypias, Arias-Stella (de Brux and Ancla), 661  
tuberculosis, full-term twin pregnancy following treatment of (Ledger and Schulman), 273 (Comm. in brief)
- Endometrioma of colon, surgical management of (Davis and Trueheart), 453
- Endometriosis, 453-469  
and adenomyosis (Dougherty and Anderson), 23  
in Negro woman (Lloyd), 468
- Endometrium, 657-669  
DNA and RNA in normal human (Pinero and Foraker), 657  
effect of treatment for sterility and abortion upon carbohydrate pathways of (Hughes, Jacobs, and Rubulis), 59  
menschliche, normale (Schmidt-Matthiesen, editor), 835 (B. rev.)

- Epidermoid cervical carcinoma in total hysterectomy, unintentional removal of invasive (Moore), 320
- Epithelial malignancy in vagina, primary (Sheets et al.), 121
- Epithelium of mouse uterus by string method of producing cervical carcinoma, comparative study of carcinogenesis in squamous and columnar (Iijima, Nasu, and Taki), 946
- Erythroblastosis in pairs of twins following repetitive stillbirths, case report on contradictory findings in (Soergel), 837 (Abst.)
- Erythrocyte survival time and erythropoiesis, effect of cytostatic agents on (Mauss), 836 (Abst.)
- Erythropoiesis, erythrocyte survival time and, effect of cytostatic agents on (Mauss), 836 (Abst.)
- Oestrogenic activity associated with nonfeminizing ovarian tumours after menopause (Wren and Frampton), 1087 (Abst.)
- Ethchlorvynol as sedative in labor (Boros and Priver), 1016
- Examination review book, medical, obstetrics and gynecology (Southam), 835 (B. rev.)
- Exchange transfusion in utero (Freda and Adamsons), 817 (Current investigation)
- Experimental carcinoma of cervix (Alvizouri and Ramírez de Pita), 940
- Extracellular studies of uterus—helical collagen fibers in uterus (Fainstat), 1026
- Extraction, renal, of para-aminohippurate in infants and children (Calcagno and Rubin), 1088 (Abst.)

## F

- Fallopian tube, diagnosis and surgery of, 924-939  
transposition of, into vesicovaginal space ("sterilisatio per dislocationem tubarum"), technique of vaginal sterilization by (Rosenzweig), 183
- False negative rate, true, in cytology, evaluation of (Richard), 723
- Female, hirsute (Greenblatt, editor), 834 (B. rev.)
- Fertility Society, Pacific Coast, annual meeting of, 560 (Item)
- Fetal cardiac effects of maternal isoxsuprine infusion (Stander et al.), 792
- cells in maternal blood (Brown and Cowles), 551 (Abst.)
- deaths, 903-923  
hypofibrinogenemia and intrauterine (Phillips, Skrodelski, and King), 903
- heart, factors affecting, 792-807
- lamb, effects of chemical mediators on pulmonary and ductus arteriosus circulation in (Smith, Morris, and Assali), 252
- loss, listeria monocytogenes as cause of (Lawler et al.), 915
- and maternal heart rate during hypothermia in pregnant woman, electronic evaluation of (Hess and Davis), 801
- physiology, 241-260
- serum with case of bis-albuminemia, protein composition of early amniotic fluid and (Brzezinski, Sadovsky, and Shafir), 488
- vessels in placentas of stillborn infants, placentitis and fibrous occlusion of (Fujikura and Benson), 225
- Fetus, chronic deprivation of (panel discussion), (Gruenwald, Dawkins, and Hepner, moderators), 551 (Abst.)
- human, and normal delivery, anaerobic metabolism in (Derom), 241
- in prolonged pregnancy (Gruenwald), 503
- Fibers, collagen, helical, in uterus—extracellular studies of uterus (Fainstat), 1026
- Fibrin, intravascular, formation, glomerular lesions resulting from, electron microscopic study of (Vassalli, Simon, and Rouiller), 543 (Abst.)

- Fibromas occurring before the menarche, bilateral ovarian (Martins and Klinger), 386
- Fibrous occlusion, placentitis and, of fetal vessels in placentas of stillborn infants (Fujikura and Benson), 225
- Fistulae, urogenital, amenorrhea and (Medina and Neme), 837 (Abst.)
- Fistulas, sigmoidovaginal (Zeigerman, Stahlgren, and Tulskey), 1003
- ureteral, some methods of preventing (Zilberman), 550 (Abst.)
- Fluid, added, respiratory effects of (Johnson, Salem, and Holzman), 481
- amniotic, 476-494
- protein concentration in (Bates), 559 (Correspondence)
- Fluorochrome method, identification of trophoblastic cells by means of (De Mello, De Kastner, and Viana), 606
- Forceps delivery, electronically recorded, infants delivered by, follow-up evaluation of (McIntire and Pearce), 540 (Comm. in brief)
- vaginal deliveries, perinatal mortality and maternal morbidity in spontaneous and (Nyirjesy and Pierce), 568
- Frog test, comparative examination of serologic pregnancy test and (Godts and Mighorst), 590

## G

- Genital lesions, experimental production of, with norethindrone (Wharton and Scott), 701
- tract, tumors of mesonephric origin in female (Villa Santa), 680
- Genitalia, endocrine and internal, in elderly women, changes in (Tóth and Gimes), 553 (Abst.)
- Glomerular lesions resulting from intravascular fibrin formation, electron microscopic study of (Vassalli, Simon, and Rouiller), 543 (Abst.)
- Glycemia profile in pregnancy (Baron), 559; reply (Roszkowski), 559 (Correspondence)
- Gonadotrophin concentration, chorionic, maternal, as aid to antenatal prediction of hemolytic disease of newborn infant (McCarthy and Pennington), 1069
- Gonadotropin, chorionic, human, isolation by disk electrophoresis (Lytle and Haskell), 156
- in liquor amnii and its application in Rh incompatibility, immunological determination of (McCarthy and Pennington), 1074
- Graduate training program in reproductive biology, 560 (Item)
- Gynaecology, principles of (Jeffcoate), 1082 (B. rev.)
- Gynecologic surgery and urology (Ball), 833 (B. rev.)
- Gynecological malignancies, on determination of tumor cells in bloodstream associated with (Erdenen and Jaeger), 837 (Abst.)
- surgery—its profile (Jack, Slee, and Headly), 186
- Gynécologique et obstétricale, anatomie pathologique (Gompel), 832 (B. rev.)
- Gynecologist in diagnosis of breast disorders, responsibility of (Hoffman), 296
- Gynecology, obstetrics and (Willson, Beecham, and Carrington), 1082 (B. rev.)
- American Board of, 1089 (Item)
- certification by, 1089 (Item)
- in community of West Africa, sociocultural practices relating to (Longo), 470
- medical examination review book (Southam), 835 (B. rev.)
- operative (TeLinde), 277 (B. rev.)
- practice of, 186-198
- progress in (Meigs and Sturgis, editors), 278 (B. rev.)
- social aspects of, 470-475
- surgical (Greenhill), 1083 (B. rev.)
- year book of obstetrics and (Greenhill), 1084 (B. rev.)

## H

- Heart, fetal, factors affecting, 792-807  
rate, fetal and maternal, during hypothermia in pregnant woman, electronic evaluation of (Hess and Davis), 801
- Helical collagen fibers in uterus—extracellular studies of uterus (Fainstat), 1026
- Hemolytic disease of newborn infant, maternal chorionic gonadotrophin concentration as aid to antenatal prediction of (McCarthy and Pennington), 1069  
in patients with Rhesus isoimmunization, fallacies in prediction of severity of (Robertson), 1060  
prediction of, 1060-1077
- Hemophilus vaginalis in nonspecific vaginitis, incidence and significance of (Delaha et al.), 996
- Hirsute female (Greenblatt, editor), 834 (B. rev.)
- Histidine, tritium and carbon-14 labeled, enantiomorphs in primates, placental transmission of (Kelly et al.), 776
- Histopathologic correlation in mixed mesenchymal tumors of uterus, cyto- and (Howdon et al.), 670
- Histopathologie der strahlenwirkung, beitrage zur zyto- und strahlenpathologie der zell (Scherer et al.), 1083 (B. rev.)
- Hodgkin's disease, cutaneous, ulcerating, of vulva (Labes and Ring), 272 (Comm. in brief)
- Human chorion laeve in vitro, permeability to carbohydrates of (Battaglia and Hellegers), 771  
chorionic gonadotropin, isolation by disk electrophoresis (Lytle and Haskell), 156  
developmental anatomy (Davies), 834 (B. rev.)  
endocrinology (Kupperman), 835 (B. rev.)  
fetus and normal delivery, anaerobic metabolism in (Derom), 241  
ovulation, effect of colchicine on (Board), 830 (Comm. in brief)  
placenta, vascular changes in, vascular hyperreactivity in relation to (Roszkowski and Kuczyńska-Sicińska), 787  
pregnancy, diamine oxidase in (Southren et al.), 199  
uterine muscle in pregnancy, fine structure of (Laguens and Lagrutta), 1040
- Hydrocolpos, congenital (Westerhout et al.), 957
- Hyperreactivity, vascular, in relation to vascular changes in human placenta (Roszkowski and Kuczyńska-Sicińska), 787
- Hypofibrinogenemia and intrauterine fetal death (Phillips, Skrodelski, and King), 903  
placenta previa accreta with associated (Josey), 135 (Comm. in brief)
- Hypogastric arteries, internal iliac, pregnancy following bilateral ligation of (Given, Gates, and Morgan), 1078 (Comm. in brief)
- Hypotensive drugs followed by early delivery in antepartum eclampsia treatment, rapid stabilization by (Alexander et al.), 77
- Hypothermia in pregnant woman, electronic evaluation of fetal and maternal heart rate during (Hess and Davis), 801
- Hysterectomies, vaginal, 700, in small hospital, indications and results with (Stangl and Veres), 837 (Abst.)
- Hysterectomy, dynamic topography of lower ureter in vaginal (Hodgkinson, Eyer, and Ayers), 111  
radical, in carcinoma of cervix, suggestions and technique for what should be considered (Louros), 432  
unintentional removal of invasive epidermoid cervical carcinoma in total hysterectomy (Moore), 320  
vaginal (Gray), 279 (B. rev.)
- Hysterosalpingography in tubal obstruction and infertility (Finola), 924
- Hysterosalpingoscopy using roentgen image amplifier (Wentzel), 138 (Comm. in brief)

## I

- Idiopathic thrombocytopenic purpura and pregnancy with follow-up (Lambeth), 539 (Comm. in brief)
- If I had it to do over again (Stearns), 281
- Iliac (hypogastric) arteries, internal, pregnancy following bilateral ligation of (Given, Gates, and Morgan), 1078 (Comm. in brief)
- Iliofemoral venous thrombosis, deep, during pregnancy (Cegelski, DeWeese, and Lund), 510
- Image amplifier, hysterosalpingoscopy using roentgen (Wentzel), 138 (Comm. in brief)
- Immunologic and endocrinologic basis of successful transplantation of human trophoblast (Lajos et al.), 595
- Immunological determination of chorionic gonadotropin in liquor amni and its application in Rh incompatibility (McCarthy and Pennington), 1074  
technique, simple slide pregnancy test with use of (Hutcherson, Schwartz, and Bates), 70
- Incontinence, stress, simultaneous intraurethral and intravesical pressure studies in normal women and those with (Beck and Maughan), 746  
urinary, relationship of urethral length and anterior wall relaxation to (Beck and Hsu), 738
- Incurable cancer of cervix, palliative urinary diversion in (Parente), 742
- Induced abortions (Mumford), 838 (Correspondence)
- Induction of labor, elective (D'Esopo, Moore, and Lenzi), 561
- Infant, Jamaican, newborn, De Lange's syndrome in (Thorburn), 828 (Comm. in brief)  
malformed, teratoma-like mass on placenta of (Fujikura and Wellings), 824 (Comm. in brief)  
morbidity and mortality, maternal and, following 455 vacuum extractions (Gunther and Retzke), 553 (Abst.)  
newborn, effects of meperidine on (Shnider and Moya), 1009  
maternal chorionic gonadotropin concentration as aid to antenatal prediction of hemolytic disease of (McCarthy and Pennington), 1069
- Infants and children, renal extraction of para-aminohippurate in (Calcagno and Rubin), 1088 (Abst.)  
delivered by electronically recorded forceps delivery, follow-up evaluation of (McIntire and Pearse), 540 (Comm. in brief)  
normal, and those with brain damage, cry latencies of (Fischelli and Karelitz), 548 (Abst.)  
stillborn, placental and fibrous occlusion of fetal vessels in placentas of (Fujikura and Benson), 225
- Infertility, antispermatozoal antibody and unexplained (Franklin and Dukes), 6  
hysterosalpingography in tubal obstruction and (Finola), 924
- Inflammation, 990-1002
- Inoperable ovarian cancer, treatment of, with Bayer preparation E 39 soluble (Krawczyk and Nowicka), 837 (Abst.)
- Instrument delivery (Ullery), 556; reply (Kelly), 558 (Correspondence)
- Internal genitalia, endocrine and, in elderly women, changes of (Tóth and Gimes), 553 (Abst.)  
iliac (hypogastric) arteries, pregnancy following bilateral ligation of (Given, Gates, and Morgan), 1078 (Comm. in brief)
- Interruption, uterine vessel, bilateral, treatment of intractable menorrhagia by (Bateman), 825 (Comm. in brief)
- Intestinal complications, 1003-1008  
volvulus, postpartum (Qureshi and Hafner), 1080 (Comm. in brief)
- Intractable menorrhagia, treatment of, by bilateral uterine vessel interruption (Bateman), 825 (Comm. in brief)

- Intraepithelial carcinoma of cervix, 160-182  
with differentiated surface cells and dysplasia—definition and separation of these lesions (Klavins), 1085 (Abst.)  
of uterine cervix, invasive, four cases of vaginal recurrences of (Bret and Coupez), 1084 (Abst.)  
Intraurethral, simultaneous, and intravesical pressure studies in normal women and those with stress incontinence (Beck and Maughan), 746  
Intrauterine adhesions, traumatic (Jones), 304  
contraceptive device, new (Birnberg and Burnhill), 137 (Comm. in brief)  
fetal death, hypofibrinogenemia and (Phillips, Skrodelis, and King), 903  
toxoplasma-infection (Langer), 835 (B. rev.)  
Intravascular fibrin formation, glomerular lesions resulting from, electron microscopic study of (Vassalli, Simon, and Rouiller), 543 (Abst.)  
Intravesical pressure studies in normal women and those with stress incontinence, simultaneous intraurethral and (Beck and Maughan), 746  
Invasive atypia, experimental, in mice, sex steroids and (Kaminetzky and Swerdlow), 716  
epidermoid cervical carcinoma in total hysterectomy, unintentional removal of (Moore), 320  
intraepithelial carcinoma of uterine cervix, four cases of vaginal recurrences of (Bret and Coupez), 1084 (Abst.)  
Iron and copper in serum of women in pregnancy, labor, and puerperium, as well as in newborn, investigation and relation of (Hejduk), 552 (Abst.)  
Irradiation, percutaneous, as exclusive treatment in carcinoma of cervix using telecobalt (Frischkorn), 836 (Abst.)  
Ischemia (rabbit), placental, irreversible uterine and renal changes induced by (Berger and Boucek), 230  
Isochromosome, probable in child with multiple congenital anomalies (Carr, Barr, and Rathbun), 547 (Abst.)  
Isoimmunization, Rhesus, fallacies in prediction of severity of hemolytic disease of newborn in patients with (Robertson), 1060  
Isoxsuprine infusion, maternal, fetal cardiac effects of (Stander et al.), 792  
Isthmus, cervical, clamp (Sieglar), 558 (Correspondence)  
Items, 140, 560, 1089-1098

## J

- Jamaican infant, newborn, De Lange's syndrome in (Thorburn), 828 (Comm. in brief)  
Jaundice, recurrent, of pregnancy (Moore), 549 (Abst.) (Simmons), 549 (Abst.)

## K

- Klinefelter's syndrome, Down's syndrome (Mongolism), and twinning in same sibship (Wright et al.), 546 (Abst.)

## L

- Labor, 561-582  
analgesia and sedation in, 1009-1025  
conduct of, 261-271  
sparteine sulfate in (Cromer, Reeves, and Danforth), 268  
and delivery, combined paracervical-pudendal block anesthesia for (Davis et al.), 366  
elective induction of (D'Esopo, Moore, and Lenzi), 561  
ethchlorvynol as sedative in (Boros and Priver), 1016  
and nephrolithiasis, pregnancy and, course and outcome of (Romm), 550 (Abst.)  
and puerperium, pregnancy, as well as in newborn, investigation on relation of iron and copper in serum of women of (Hejduk), 552 (Abst.)

- Laboratory, clinical and, effects of metronidazole (Gardner and Dukes), 990  
Laeve, chorion, in vitro, human, permeability to carbohydrates of (Battaglia and Hellegers), 771  
Lamb, fetal, effects of chemical mediators on pulmonary and ductus arteriosus circulation in (Smith, Morris, and Assali), 252  
Latex particles, serological pregnancy test using (Garden and Miller), 1086 (Abst.)  
Lesions, definition and separation of these—intraepithelial carcinoma with differentiated surface cells and dysplasias (Klavins), 1085 (Abst.)  
experimental, produced by steroids, 701-722  
genital, experimental production of, with norethindrone (Wharton and Scott), 701  
glomerular, resulting from intravascular fibrin formation, electron microscopic study of (Vassalli, Simon, and Rouiller), 543 (Abst.)  
of placenta, 220-240  
Ligation, bilateral, of internal iliac (hypogastric) arteries, pregnancy following (Given, Gates, and Morgan), 1078 (Comm. in brief)  
Lipid studies, serum, in pregnancy (Mullick, Bagga, and Du Mullick), 766  
Liquor amnii, and its application in Rh incompatibility, immunological determination of chorionic gonadotropin in (McCarthy and Pennington), 1074  
Listeria monocytogenes as cause of fetal loss (Lawler et al.), 915  
Local anesthesia for curettage in abortions (Connor and Bepko), 822 (Comm. in brief)  
Lorand Tokodynamometer, sparteine sulfate as myometrial stimulant with uterine activity monitored by (LaHaye and Burkhart), 263  
Lymphovenography in pelvic cancer (Smith, Cava, and Meyer), 732

## M

- Magnesium sulfate therapy, parenteral, effect of, on blood loss at delivery (Rowland and Pritchard), 261  
Maladjustment, role of obstetrician-gynecologist in marital (Fagan), 328  
Malformed infant, teratoma-like mass on placenta of (Fujikura and Wellings), 824 (Comm. in brief)  
Malignancies, gynecological, on determination of tumor cells in bloodstream associated with, Erdenen and Jaeger), 837 (Abst.)  
Malignancy in vagina, primary epithelial (Sheets et al.), 121  
Marital maladjustment, role of obstetrician-gynecologist in (Fagan), 328  
Mass, teratoma-like, on placenta of malformed infant (Fujikura and Wellings), 824 (Comm. in brief)  
Maternal blood, fetal cells in (Brown and Cowles), 551 (Abst.)  
chorionic gonadotrophin concentration as aid to antenatal prediction of hemolytic disease of newborn infant (McCarthy and Pennington), 1069  
heart rate, fetal and, during hypothermia in pregnant woman, electronic evaluation of (Hess and Davis), 801  
and infant morbidity and mortality following 455 vacuum extractions (Gunther and Retzke), 553 (Abst.)  
isoxsuprine infusion, fetal cardiac effects of (Stander et al.), 792  
morbidity in spontaneous and forceps vaginal deliveries, perinatal mortality and (Nyirjesy and Pierce), 568  
Medical complications of pregnancy, 510-531  
examination review book, obstetrics and gynecology (Southam), 835 (B. rev.)  
Medicine, and biology, Soviet, electronic processing (Rinteln and Mueller-Dietz), 545 (Abst.)  
Meeting, annual, of Pacific Coast Fertility Society, 560 (Item)

- Megaloblastic anemia in pregnancy and puerperium (Fraser and Watt), 532 (Comm. in brief)
- Membranes, premature rupture of (Hoerner), 838; reply (Wideman), 838 (Correspondence)
- Menarche, bilateral ovarian fibromas occurring before (Martins and Klinger), 386
- Menopause, oestrogenic activity associated with nonfeminizing ovarian tumours after (Wren and Frampton), 1087 (Abst.)
- Menorrhagia, intractable, treatment of, by bilateral uterine vessel interruption (Bateman), 825 (Comm. in brief)
- Menschliche endometrium, normale (Schmidt-Matthiesen, editor), 835 (B. rev.)
- Meperidine, effects of, on newborn infant (Shnider and Moya), 1009
- Mesenchymal tumors of uterus, cyto- and histopathologic correlation in mixed (Howdon et al.), 670
- Mesonephric origin in female genital tract, tumors of (Villa Santa), 680
- Metabolism, anaerobic, in human fetus and normal delivery (Derom), 241  
total body water, sodium and, in pregnancy, regulation of (Gray et al.), 760
- Metastases, axillary node, from pelvic cancer (Hreshchysyn and Graham), 535 (Comm. in brief)
- Metronidazole, clinical and laboratory effects of (Gardner and Dukes), 990
- Mexicanus, novemcinctus, Dasypus, armadillo, including choriocarcinoma, thalidomide induced alterations in blastocyst and placenta of (Marin-Padilla and Benirschke), 1084 (Abst.)
- Mice, experimentally induced abdominal pregnancy in (Hreshchysyn and Hreshchysyn), 829 (Comm. in brief)  
sex steroids and experimental invasive atypia in (Kamietzky and Swerdlow), 716
- Microscopic, electron, study of glomerular lesions resulting from intravascular fibrin formation (Vassalli, Simon, and Rouiller), 543 (Abst.)
- Milk-ejecting effect, induced by oxytocin and vasopressin during human pregnancy (Sala), 626  
ejection effect induced by oxytocin and vasopressin, 626-634
- Mixed mesenchymal tumors of uterus, cyto- and histopathologic correlation in (Howdon et al.), 670
- Mongolism, Down's syndrome, chromosomal abnormality in girl with some features of (Warkany and Soukup), 548 (Abst.)  
Klinefelter's syndrome, and twinning in same sibship (Wright et al.), 546 (Abst.)
- Monkey, rhesus, changes in amniotic fluid total solute concentration in (Seeds et al.), 476  
uterus of, effect of relaxin on, with observations on cervix and symphysis pubis (Hisaw and Hisaw), 141
- Monocytogenes as cause of fetal loss, listeria (Lawler et al.), 915
- Morbidity and mortality, maternal and infant, following 455 vacuum extractions (Gunther and Retzke), 553 (Abst.)  
postoperative, and complications, preoperative temperature elevation with relation to (Zeigerman and Sandler), 538 (Comm. in brief)
- Mortality and maternal morbidity in spontaneous and forceps vaginal deliveries, perinatal (Nyirjesy and Pierce), 568  
morbidity and, maternal and infant, following 455 vacuum extractions (Gunther and Retzke), 553 (Abst.)
- Motility and blood flow, role of parasympathetic neurohormone acetylcholine in uterine—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 860
- Muscle, uterine, human, in pregnancy, fine structure of (Laguens and Lagrutta), 1040
- Myometrial stimulant, sparteine sulfate as, with uterine activity monitored by Lorand Tokodynamometer (LaHaye and Burkhart), 263
- Myometrium, 1026-1059  
effects of increasing parity on (Dilts and Greene), 1049
- N
- Negro woman, endometriosis in (Lloyd), 468
- Neonatal electroencephalography (Rosen and Satran), 619
- Nephrolithiasis, labor and, pregnancy and, course and outcome of (Romm), 550 (Abst.)
- Nervous system in uterine contractility and blood flow—role of autonomic interaction between neurohormones and sex steroids in intact and isolated uterus (Shabanah, Toth, and Maughan), 841  
role of parasympathetic neurohormone acetylcholine in uterine motility and blood flow (Shabanah, Toth, and Maughan), 860
- Neurohormone acetylcholine in uterine motility and blood flow, role of parasympathetic—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 860  
and sex steroids in intact and isolated uterus, interaction between—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 841
- Neuropathy, thalidomide, blood pyruvic acid in (Buckle), 1087 (Abst.)
- Newborn, 608-625  
catecholamine content of initial voided urine in (Howard, McDevitt, and Stander), 615  
hemolytic disease of, prediction of, 1060-1077  
infant, effects of meperidine on (Shnider and Moya), 1009  
maternal chorionic gonadotrophin concentration as aid to antenatal prediction of hemolytic disease in (McCarthy and Pennington), 1069  
investigation on relation of iron and copper in serum of women in pregnancy, labor, and puerperium, as well as in (Hejduk), 552 (Abst.)  
Jamaican infant, De Lange's syndrome in (Thorburn), 828 (Comm. in brief)  
in patients with Rhesus isoimmunization, fallacies in prediction of severity of hemolytic disease in (Robertson), 1060
- Nonfeminizing ovarian tumours after menopause, oestrogenic activity associated with (Wren and Frampton), 1087 (Abst.)
- Nonpregnant rats, pentobarbital levels in pregnant and—sex differences in response of rats to pentobarbital sodium (King), 1019
- Norethindrone, experimental production of genital lesions with (Wharton and Scott), 701
- Normal infants and those with brain damage, cry latencies of (Fischelli and Karelitz), 548 (Abst.)  
menschliche endometrium (Schmidt-Matthiesen, editor), 835 (B. rev.)
- Novemcinctus mexicanus, Dasypus, armadillo, including choriocarcinoma, thalidomide induced alterations in blastocyst and placenta of (Marin-Padilla and Benirschke), 1084 (Abst.)
- O
- Obstetricale, gynécologique et, anatomie pathologique (Gompel), 832 (B. rev.)
- Obstetrics, and gynecology (Willson, Beecham, and Carrington), 1082 (B. rev.)  
American Board of, 1089 (Item)  
certification by, 1089 (Item)  
in community of West Africa, sociocultural practices relating to (Longo), 470

Obstetrics and gynecology—Cont'd

- functions of a department of (Noyes), 54
- medical examination review book (Southam), 835 (B. rev.)
- year book of (Greenhill), 1084 (B. rev.)
- modern trends in (Kellar, editor), 277 (B. rev.)
- toxoplasmosis in (Verulashvili), 550 (Abst.)
- Obstruction and infertility, hysterosalpingography in tubal (Finola), 924
- Occlusion, fibrous, placentitis and, of fetal vessels in placentas of stillborn infants (Fujikura and Benson), 225
- Oligomenorrhea (MacLeod et al.), 642
- Operationen, chirurgische, atlas für praxis (Grewe, Kremer, and Derra), 832 (B. rev.)
- Operations that prevent conception, incidence of (Campbell), 694 (Pertinent comments)
- Ovarian cancer, inoperable, treatment of, with Bayer preparation E 39 soluble (Krawczyk and Nowicka), 837 (Abst.)
- carcinoma with cobalt teletherapy and cytostatics (chlorambucil), combined treatment of (Papavasiliou and Kostouros), 691
- dysgenesis in rat and human by busulphan, production of (Heller and Jones), 414 (Current investigation)
- failure, permanent and temporary, premature (Keettel and Bradbury), 83
- fibromas occurring before menarche, bilateral (Martins and Klinger), 386
- tumours, nonfeminizing, after menopause, oestrogenic activity associated with (Wren and Frampton), 1087 (Abst.)
- Ovary, benign cystic teratoid tumor of, vermiform appendix in (Gundersen and Greene), 534 (Comm. in brief)
- one, disgerminoma and dermoid cyst in (Abrahamsen), 552 (Abst.)
- Ovulation, human, effect of colchicine on (Board), 830 (Comm. in brief)
- Ovulatory patterns in Down's syndrome (Tricomi, Valenti, and Hall), 651
- Oxidase, diamine, in human pregnancy (Southren et al.), 199
- Oxytocin and vasopressin during human pregnancy, milk-ejecting effect induced by (Sala), 626

P

- Pacific Coast Fertility Society, annual meeting of, 560 (Item)
- Obstetrical and Gynecological Society, transactions, 281-413
- Palsy, Bell's, in last trimester of pregnancy and puerperium (Edwards), 274 (Comm. in brief)
- Para-aminohippurate in infants and children, renal extraction of (Calcagno and Rubin), 1088 (Abst.)
- Paracervical block anesthesia (Freeman), 554; reply (Nyirjesy), 555 (Correspondence)
- pudanal block anesthesia for labor and delivery combined (Davis et al.), 366
- Parasympathetic neurohormone acetylcholine in uterine motility and blood flow—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 860
- Parenteral magnesium sulfate therapy, effect of, on blood loss at delivery (Rowland and Pritchard), 261
- Parity, effects of increasing, on myometrium (Dilts and Greene), 1049
- Pathologique, anatomie, gynécologique et obstetricale (Gompel), 823 (B. rev.)
- Pathology of trisomy 17-18 syndrome, observations on (Townes et al.), 547 (Abst.)
- Patterns in Down's syndrome, ovulatory (Tricomi, Valenti, and Hall), 651
- Pediatrics (Holt, McIntosh, and Barnett), 278 (B. rev.)

- Pelvic cancer, axillary node metastases from (Hreshchysyn and Graham), 535 (Comm. in brief)
- lymphovenography in (Smith, Cava, and Meyer), 732
- neoplasms, 670-693
- schistosomiasis (Chaves and Palitot), 1000
- Pentobarbital levels in pregnant and nonpregnant rats—sex differences in response of rats to pentobarbital sodium (King), 1019
- sodium, sex differences in response of rats to—pentobarbital levels in pregnant and nonpregnant rats (King), 1019
- Percutaneous irradiation as exclusive treatment in carcinoma of cervix using telecobalt (Frischkorn), 836 (Abst.)
- Perforation, resection, and subsequent pregnancy, choriadenoma destruens with (Rubin), 536 (Comm. in brief)
- Perinatal mortality and maternal morbidity in spontaneous and forceps vaginal deliveries (Nyirjesy and Pierce), 568
- Permeability to carbohydrates of human chorion laeve in vitro (Battaglia and Hellegers), 771
- Pertinent comments, 130-133, 694-700
- Phenylbutazone in over 30,000 puerperia in period of twelve years, changes and results in treatment of superficial thrombophlebitis using (Rappe), 836 (Abst.)
- Phenylketonuria, treatment of, report to Medical Research Council of Conference on, 544 (Abst.)
- Pheochromocytoma and pregnancy (Barzel et al.), 519
- Physiology, fetal, 241-260
- of pregnancy, 199-219, 754-770
- Placenta, 771-791
- of armadillo, *Dasypus novemcinctus mexicanus*, including choriocarcinoma, thalidomide induced alterations in blastocyst and (Marin-Padilla and Benirschke), 1084 (Abst.)
- human, vascular changes in, vascular hyperreactivity in relation to (Roszkowski and Kuczyńska-Sicińska), 787
- lesions of, 220-240
- of malformed infant, teratoma-like mass on (Fujikura and Wellings), 824 (Comm. in brief)
- previa accreta with associated hypofibrinogenemia (Josey), 135 (Comm. in brief)
- Placental ischemia (rabbit), irreversible uterine and renal changes induced by (Berger and Boucek), 230
- transmission of tritium and carbon-14 labeled histidine enantiomorphs in primates (Kelly et al.), 776
- Placentas of stillborn infants, placentitis and fibrous occlusion of fetal vessels in (Fujikura and Benson), 225
- Placentitis and fibrous occlusion of fetal vessels in placentas of stillborn infants (Fujikura and Benson), 225
- Plastic surgery at Mayo Clinic, tubal (Hanton, Pratt, and Banner), 934
- chirurgie, wiederherstellende und (Gelbke), 1083 (B. rev.)
- Postpartum eclampsia (Bhose), 898
- intestinal volvulus (Qureshi and Hafner), 1080 (Comm. in brief)
- Posture, effect of, on renal function in late pregnancy (Chesley and Sloan), 754
- Praxis, atlas für, chirurgische operationen (Grewe, Kremer, and Derra), 832 (B. rev.)
- Presacral sympathectomy in treatment of dysmenorrhea, use of (Black), 16
- Pregnancy, abdominal, experimentally induced, in mice (Hreshchysyn and Hreshchysyn), 829 (Comm. in brief)
- acroparesthesias in (Soferman, Weissman, and Haimov), 528
- associated with scleroderma (deCarle), 356
- bacteriuria during (Schamadan), 10
- carcinoma of cervix during (Jones et al.), 285

## Pregnancy—Cont'd

- deep iliofemoral venous thrombosis during (Cegelski, De-Weese, and Lund), 510
- ectopic, tubal (Douglas), 1086 (Abst.)
- fine structure of human uterine muscle in (Laguens and Lagrutta), 1040
- following bilateral ligation of internal iliac (hypogastric) arteries (Given, Gates, and Morgan), 1078 (Comm. in brief)
- with follow-up, idiopathic thrombocytopenic purpura and (Lambeth), 539 (Comm. in brief)
- glycemia profile in (Baron), 559; reply (Roszkowski), 559 (Correspondence)
- human, diamine oxidase in (Southren et al.), 199
- and labor and nephrolithiasis, course and outcome of (Romm), 550 (Abst.)
- and puerperium, as well as in newborn, investigation on relation of iron and copper in serum of women in (Hejduk), 552 (Abst.)
- late, effect of posture on renal function in (Chesley and Sloan), 754
- medical complications of, 510-531
- milk-ejecting effect induced by oxytocin and vasopressin during human (Sala), 626
- new electrophoretic protein zone in (Afonso and de Alvarez), 204
- normal, secretion of aldosterone in (Watanabe et al.), 1088 (Abst.)
- pheochromocytoma and (Barzel et al.), 519
- physiology of, 199-219, 754-770
- prolonged, 495-509
  - (Mead and Marcus), 495
  - fetus in (Gruenwald), 503
- prophylactic and therapeutic use of bendroflumethiazide in (Cuadros and Tatum), 891
- protein spectrum of cervical secretions during course of (Trnka, Rejnek, and Doležal), 215
- and puerperium, Bell's palsy in last trimester of (Edwards), 274 (Comm. in brief)
- megaloblastic anemia in (Fraser and Watt), 532 (Comm. in brief)
- question of subfebrile and afebrile complications of urinary tract in (Rummel and Walch), 552 (Abst.)
- recurrent jaundice in (Simmons), 549 (Abst.)
  - (Moore), 549 (Abst.)
- regulation of sodium and total body water metabolism in (Gray et al.), 760
- serum lipid studies in (Mullick, Bagga, and Du Mullick), 766
- subsequent, resection, and perforation, chorioadenoma destruens with (Rubin), 536 (Comm. in brief)
- test, evaluation of in vitro, in relation to rat (Smith), 583
  - and frog test, comparative examination of serologic (Godts and Mighorst), 590
  - rapid slide (Islami, Fisher, and Kupfer), 586
  - in relation to rat pregnancy test, evaluation of in vitro (Smith), 583
  - serological, using latex particles (Garden and Miller), 1086 (Abst.)
  - with use of immunological technique, simple slide (Hutcherson, Schwartz, and Bates), 70
- toxemia of (Brewer), 838; reply (Cavanagh), 839 (Correspondence)
- twin, full-term, following treatment of endometrial tuberculosis (Ledger and Schulman), 273 (Comm. in brief)
- urinary calculi associated with (McVann), 314
- vaccinations during, table of (Guenther), 544 (Abst.)
- Weber-Christian disease, amenorrhea and (McCall), 362
- Pregnant and nonpregnant rats, pentobarbital levels in—sex differences in response of rats to pentobarbital sodium (King), 1019

## Pregnant—Cont'd

- woman, electronic evaluation of fetal and maternal heart rate during hypothermia in (Hess and Davis), 801
- women, vaginal smear in (Rahman and Zaman), 1085 (Abst.)
- Premature babies, chloramphenicol-bilirubin interaction in (Iossifides, Smith, and Keitel), 548 (Abst.)
- rupture of membranes (Hoerner), 838; reply (Wideman), 838 (Correspondence)
- Pressure studies, simultaneous intraurethral and intravesical, in normal women and those with stress incontinence (Beck and Maughan), 746
- Primary epithelial malignancy in vagina (Sheets et al.), 121
- Primates, placental transmission of tritium and carbon-14 labeled histidine enantiomorphs in (Kelly et al.), 776
- Prize thesis of South Atlantic Association of Obstetricians and Gynecologists, 140 (Item)
- Processing, electronic, in Soviet biology and medicine (Rinteln and Mueller-Dietz), 545 (Abst.)
- Progestational agent, 6, 17 $\alpha$ -dimethyl-6-dehydropregesterone, evaluation of new (Carter, Faucher, and Greenblatt), 635
- Prolonged pregnancy, 495-509
  - (Mead and Marcus), 495
  - fetus in (Gruenwald), 503
- Protein composition of early amniotic fluid and fetal serum with case of bis-albuminemia (Brzezinski, Sadovsky, and Shafir), 488
- concentration in amniotic fluid (Bates), 559 (Correspondence)
- serum, determination in subsequent care for carcinoma patients, meaning of (Bayer), 836 (Abst.)
- spectrum of cervical secretions during course of pregnancy (Trnka, Rejnek, and Doležal), 215
- zone, electrophoretic, new, in pregnancy (Afonso and de Alvarez), 204
- Pseudotoxemic state associated with severe Rh isoimmunization (Nicolay and Gainey), 41
- Puerperia, over 30,000, in period of twelve years, changes and results in treatment of superficial thrombophlebitis using phenylbutazone in (Rappe), 836 (Abst.)
- Puerperium, labor and, pregnancy, as well as in newborn, investigation on relation of iron and copper in serum of women in (Hejduk), 552 (Abst.)
- pregnancy and, Bell's palsy in last trimester of (Edwards), 274 (Comm. in brief)
- megaloblastic anemia in (Fraser and Watt), 532 (Comm. in brief)
- Pulmonary and ductus arteriosus circulation in fetal lamb, effects of chemical mediators on (Smith, Morris, and Assali), 252
- Purpura, thrombocytopenic, idiopathic, and pregnancy with follow-up (Lambeth), 539 (Comm. in brief)
- Pyruvic acid, blood, in thalidomide neuropathy (Buckle), 1087 (Abst.)

## R

- Radical hysterectomy in carcinoma of cervix, suggestions and technique for what should be considered (Louros), 432
- Rapid slide test for pregnancy (Islami, Fisher, and Kupfer), 586
- Rat pregnancy test, evaluation of in vitro in relation to (Smith), 583
- Rats, pregnant and nonpregnant, pentobarbital levels in—sex differences in response of rats to pentobarbital sodium (King), 1019
- sex differences in response of, to pentobarbital sodium—pentobarbital levels in pregnant and nonpregnant rats (King), 1019

- Re-evaluation, 970
- Relaxin, effect of, on uterus of monkeys with observations on cervix and symphysis pubis (Hisaw and Hisaw), 141
- Renal changes, uterine and, irreversible, induced by placental ischemia (rabbit) (Berger and Boucek), 230
- extraction of para-aminohippurate in infants and children (Calcagno and Rubin), 1088 (Abst.)
- function in late pregnancy, effect of posture on (Chesley and Sloan), 754
- Reproductive biology, graduate training program in, 560 (Item)
- Resection, perforation, and subsequent pregnancy, chorioadenoma destruens with (Rubin), 536 (Comm. in brief)
- Respiratory effects of added fluid (Johnson, Salem, and Holzman), 481
- Reticulum cell sarcoma of cervix (Vieaux and McGuire), 134 (Comm. in brief)
- decidual transformation of cervical stroma simulating (Armenia, Shaver, and Modisher), 808
- Review book, medical examination, obstetrics and gynecology (Southam), 835 (B. rev.)
- Rh antibodies, inhibition of (Pearse and Hobel), 46
- incompatibility, immunological determination of chorionic gonadotropin in liquor amnii and its application in (McCarthy and Pennington), 1074
- isoimmunization, pseudotoxemic state associated with severe (Nicolay and Gainey), 41
- Rhesus isoimmunization, fallacies in prediction of severity of hemolytic disease of newborn in patients with (Robertson), 1060
- monkey, changes in amniotic fluid total solute concentration in (Seeds et al.), 476
- RNA in human endometrium, DNA and (Pinero and Foraker), 657
- Roentgen image amplifier, hysterosalpingoscopy using (Wentzel), 138 (Comm. in brief)
- Rupture, premature, of membranes (Hoerner), 838; reply (Wideman), 838 (Correspondence)
- of uterus (Keifer), 335

S

- Sarcoma of cervix, reticulum cell (Vieaux and McGuire), 134 (Comm. in brief)
- decidual changes simulating, 808-816
- reticulum cell, decidual transformation of cervical stroma simulating (Armenia, Shaver, and Modisher), 808
- Schistosomiasis, pelvic (Chaves and Palitot), 1000
- Scleroderma, pregnancy associated with (deCarle), 356
- Secretion rate of aldosterone in normal pregnancy (Watanabe et al.), 1088 (Abst.)
- Secretions, cervical, protein spectrum of, during course of pregnancy (Trnka, Rejnek, and Doležal), 215
- Sedation in labor, analgesia and, 1009-1025
- Sedative in labor, ethchlorvynol as (Boros and Priver), 1016
- Serologic pregnancy test and frog test, comparative examination of (Godts and Mighorst), 590
- Serological pregnancy test using latex particles (Garden and Miller), 1086 (Abst.)
- Serum, fetal, with case of bis-albuminemia, protein composition of early amniotic fluid and (Brzezinski, Sadovsky, and Shafrir), 488
- lipid studies in pregnancy (Mullick, Bagga, and Du Mullick), 766
- protein determination in subsequent care for carcinoma patients, meaning of (Bayer), 836 (Abst.)
- of women in pregnancy, labor, and puerperium, as well as in newborn, investigation on relation of iron and copper in (Hejduk), 552 (Abst.)
- Sex differences in response of rats to pentobarbital sodium—pentobarbital levels in pregnant and nonpregnant rats (King), 1019

Sex—Cont'd

- steroids and experimental invasive atypia in mice (Kaminetzky and Swerdlow), 716
- in intact and isolated uterus, interaction between neurohormones and—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 841
- Sibship, twinning in same, Klinefelter's syndrome, Down's syndrome (Mongolism), (Wright et al.), 546 (Abst.)
- Sigmoidovaginal fistulas (Zeigerman, Stahlgren, and Tulsky), 1003
- Skin graft technique in correction of congenital and acquired vaginal atresia, split-thickness (Whitely, Parrott, and Rowland), 377
- Slide pregnancy test, rapid (Islami, Fisher, and Kupfer), 586
- with use of immunological technique, simple (Hutcherson, Schwartz, and Bates), 70
- Smear, vaginal, in pregnant women (Rahman and Zaman), 1085 (Abst.)
- Social aspects of gynecology, 470-475
- Sociocultural practices relating to obstetrics and gynecology in community of West Africa (Longo), 470
- Sodium, pentobarbital, sex differences in response of rats to—pentobarbital levels in pregnant and nonpregnant rats (King), 1019
- and total body water metabolism in pregnancy, regulation of (Gray et al.), 760
- Solute concentration, total, amniotic fluid, changes in, in rhesus monkey (Seeds et al.), 476
- Sparteine sulfate in conduct of labor (Cromer, Reeves, and Danforth), 268
- as myometrial stimulant with uterine activity monitored by Lorand Tokodynamometer (LaHaye and Burkhart), 263
- Spontaneous and forceps vaginal deliveries, perinatal mortality and maternal morbidity in (Nyirjesy and Pierce), 568
- Squamous and columnar epithelium of mouse uterus by string method of producing cervical carcinoma, comparative study of carcinogenesis in (Iijima, Nasu, and Taki), 946
- Stabilization by hypotensive drugs followed by early delivery in antepartum eclampsia treatment, rapid (Alexander et al.), 77
- Sterility and abortion upon carbohydrate pathways of endometrium, effect of treatment for (Hughes, Jacobs, and Rubulis), 59
- Sterilization, panel discussion on contraception and (de Alvarez et al.), 392
- vaginal, technique of, by transposition of Fallopian tubes into vesicovaginal space ("sterilisatio per dislocationem tubarum") (Rosenzweig), 183
- Steroids, experimental lesions produced by, 701-722
- in intact and isolated uterus, interaction between neurohormones and sex—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 841
- sex, and experimental invasive atypia in mice (Kaminetzky and Swerdlow), 716
- Stillbirths, repetitive, case report on contradictory findings in erythroblastosis in pairs of twins following (Soergel), 837 (Abst.)
- Stillborn infants, placentitis and fibrous occlusion of fetal vessels in placentas of (Fujikura and Benson), 225
- Stimulant, myometrial, sparteine sulfate as, with uterine activity monitored by Lorand Tokodynamometer (LaHaye and Burkhart), 263
- Strahlenpathologie der zelle, beitrage zur zyto- und histopathologie der strahlenwirkung (Scherer et al.), 1083 (B. rev.)

- Strahlenwirkung, beitrage zur zyto- und histopathologie der, strahlenpathologie der zelle (Scherer et al.), 1083 (B. rev.)
- Stress incontinence, simultaneous intraurethral and intravesical pressure studies in normal women and those with (Beck and Maughan), 746  
urinary, relationship of urethral length and anterior wall relaxation to (Beck and Hsu), 738
- Stroma, cervical, simulating reticulum cell sarcoma (Armenia, Shaver, and Modisher), 808
- Structure, fine, of human uterine muscle in pregnancy (Laguens and Lagrutta), 1040
- Sturmdorf suture, modification of (Sokol), 823 (Comm. in brief)
- Subfebrile and afebrile complications of urinary tract in pregnancy, question of (Rummel and Walch), 552 (Abst.)
- Sulfate, sparteine, in conduct of labor (Cromer, Reeves, and Danforth), 268  
as myometrial stimulant with uterine activity monitored by Lorand Tokodynamometer (LaHaye and Burkhardt), 263  
therapy, magnesium, parenteral, effect of, on blood loss at delivery (Rowland and Pritchard), 261
- Surgery (Warren), 279 (B. rev.)  
gynecologic, and urology (Ball), 833 (B. rev.)  
gynecological—its profile (Jack, Slee, and Headly), 186  
at Mayo Clinic, tubal plastic (Hanton, Pratt, and Banner), 934
- Surgical gynecology (Greenhill), 1083 (B. rev.)  
management of endometrioma of colon (Davis and Trueheart), 453
- Survival time, erythrocyte, and erythropoiesis, effect of cytostatic agents on (Mauss), 836 (Abst.)
- Suture, Sturmdorf, modification of (Sokol), 823 (Comm. in brief)
- Sympathectomy in treatment of dysmenorrhea, use of presacral (Black), 16
- Symphysis pubis, cervix and, observations on, effect of relaxin on uterus of monkeys with (Hisaw and Hisaw), 141
- Syndrome, De Lange's, in newborn Jamaican infant (Thorburn), 838 (Comm. in brief)  
Klinefelter's, Down's syndrome (Mongolism), and twinning in same sibship (Wright et al.), 546 (Abst.)  
(Mongolism), Down's, chromosomal abnormality in girl with some features of (Warkany and Soukup), 548 (Abst.)  
trisomy 17-18, pathology of, observations on (Townes et al.), 547 (Abst.)
- T
- Technical procedures, 183-185
- Telecobalt, percutaneous irradiation as exclusive treatment in carcinoma of cervix using (Frischkorn), 836 (Abst.)
- Teletherapy and cytostatics (chlorambucil), combined treatment of disseminated ovarian carcinoma with cobalt (Papavasiliou and Kostouros), 691
- Temperature elevation, preoperative—relation to postoperative morbidity and complications (Zeigerman and Sandler), 538 (Comm. in brief)
- Teratoid tumor, cystic, benign, of ovary, vermiform appendix in (Gundersen and Greene), 534 (Comm. in brief)
- Teratoma-like mass on placenta of malformed infant (Fujikura and Wellings), 824 (Comm. in brief)
- Test, rapid slide pregnancy (Islami, Fisher, and Kupfer), 586  
in relation to rat pregnancy test, evaluation of in vitro pregnancy (Smith), 583
- Thalidomide induced alterations in blastocyst and placenta of armadillo, *Dasypus novemcinctus mexicanus*, including choriocarcinoma (Marin-Padilla and Benirschke), 1084 (Abst.)  
neuropathy, blood pyruvic acid in (Buckle), 1087 (Abst.)
- Thrombocytopenic purpura, idiopathic, and pregnancy with follow-up (Lambeth), 539 (Comm. in brief)
- Thrombophlebitis, superficial, using phenylbutazone in over 30,000 puerperia in period of twelve years, changes and results in treatment of (Rappe), 836 (Abst.)
- Thrombosis, venous, iliofemoral, deep, during pregnancy (Cegelski, DeWesse, and Lund), 510
- Thyroid-ovarian relationships, human, influence of serum from various phases of ovarian cycle on goitrogenesis (Dratman and Eskin), 646
- Tokodynamometer, Lorand, sparteine sulfate as myometrial stimulant with uterine activity monitored by (LaHaye and Burkhardt), 263
- Topography of lower ureter in vaginal hysterectomy, dynamic (Hodgkinson, Eyler, and Ayers), 111
- Toxemia, epidemiological investigation of (Schwarz), 552 (Abst.)  
of pregnancy, 891-902  
(Brewer), 838; reply (Cavanagh), 839 (Correspondence)
- Toxoplasma-infektion, intrauterine (Langer), 835 (B. rev.)
- Toxoplasmosis in obstetrics (Verulashvili), 550 (Abst.)
- Training program, graduate, in reproductive biology, 560 (Item)
- Transactions of Thirtieth Annual Meeting of Pacific Coast Obstetrical and Gynecological Society, 281-413  
of Thirty-first Annual Meeting of Central Association of Obstetricians and Gynecologists, 1-129
- Transformation, decidual, of cervical stroma simulating reticulum cell sarcoma (Armenia, Shaver, and Modisher), 808
- Transfusion, exchange, in utero (Freda and Adamsons), 817 (Current investigation)
- Transplantation of human trophoblast, immunologic and endocrinologic basis of successful (Lajos et al.), 595
- Treatment for sterility and abortion, effect upon carbohydrate pathways of endometrium (Hughes, Jacobs, and Rubulis), 59
- Trisomy 17-18 syndrome, pathology of, observations on (Townes et al.), 547 (Abst.)
- Tritium and carbon-14 labeled histidine enantiomorphs in primates, placental transmission of (Kelly et al.), 776
- Trophoblast, 595-607  
immunologic and endocrinologic basis of successful transplantation of human (Lajos et al.), 595
- Trophoblastic cells by means of fluorochrome method, identification of (De Mello, De Kastner, and Viana), 606
- Tubal ectopic pregnancy (Douglas), 1086 (Abst.)  
plastic surgery at Mayo Clinic (Hanton, Pratt, and Banner), 934
- Tuberculosis, endometrial, full-term twin pregnancy following treatment of (Ledger and Schulman), 273 (Comm. in brief)
- Tumor cells in bloodstream associated with gynecological malignancies, on determination of (Erdenen and Jaeger), 837 (Abst.)  
teratoid, cystic, benign, of ovary, vermiform appendix in (Gundersen and Greene), 534 (Comm. in brief)
- Tumors of mesonephric origin in female genital tract (Villa Santa), 680  
ovarian, nonfeminizing, after menopause, oestrogenic activity associated with (Wren and Frampton), 1087 (Abst.)  
of uterus, cyto- and histopathologic correlation in mixed mesenchymal (Howdon et al.), 670

- Twin pregnancy, full-term, following treatment of endometrial tuberculosis (Ledger and Schulman), 273 (Comm. in brief)
- Twinning in same sibship, Klinefelter's syndrome, Down's syndrome (Mongolism), and (Wright et al.), 546 (Abst.)
- Twins, pairs of, following repetitive stillbirths, case report on contradictory findings in erythroblastosis in (Soergel), 837 (Abst.)

## U

- Ulcerating cutaneous Hodgkin's disease of vulva (Labes and Ring), 272 (Comm. in brief)
- Umbilical cord encirclement, study of (Horwitz, Finn, and Mastrotta), 970
- Umbilicus, carcinoma of (O'Leary and O'Leary), 136 (Comm. in brief)
- Ureter in vaginal hysterectomy, dynamic topography of lower (Hodgkinson, Eyler, and Ayers), 111
- Ureteral fistulas, some methods of preventing (Zilberman), 550 (Abst.)
- Urethral length, relationship of, and anterior wall relaxation to urinary stress incontinence (Beck and Hsu), 738
- Urinary calculi associated with pregnancy (McVann), 314 diversion, palliative, in incurable cancer of cervix (Parente), 742
- stress incontinence, relationship of urethral length and anterior wall relaxation to (Beck and Hsu), 738
- tract in pregnancy, complications of, afebrile, subfebrile and, questions of (Rummel and Walch), 552 (Abst.)
- Urine of newborn, catecholamine content of initial voided (Howard, McDevitt, and Stander), 615
- Urogenital fistulae, amenorrhea and (Medina and Neme), 837 (Abst.)
- Urological problems, 738-753
- Urology, gynecologic surgery and (Ball), 833 (B. rev.)
- Uteri, cervix, carcinoma of, diagnosis, treatment, and complications for (Sherman and Camel), 439
- Uterine activity monitored by Lorand Tokodynamometer, sparteine sulfate as myometrial stimulant with (LaHaye and Burkhardt), 263
- body in carcinoma of uterine cervix, carcinomatous infiltration into (Mitani et al.), 984
- cervix, cancer of (Graham, Graham, and Schulz), 421
- carcinomatous infiltration into uterine body in carcinoma of (Mitani et al.), 984
- four cases of vaginal recurrences of invasive intraepithelial carcinoma of (Bret and Coupez), 1084 (Abst.)
- contractility and blood flow, role of autonomic nervous system in—interaction of neurohormones and sex steroids in intact and isolated uterus (Shabanah, Toth, and Maughan), 841
- role of parasympathetic neurohormone acetylcholine in uterine motility and blood flow (Shabanah, Toth, and Maughan), 860
- contractions and blood flow, 841-890
- on human uteroplacental blood circulation, effect of (Borell et al.), 881
- motility and blood flow, role of parasympathetic neurohormone acetylcholine in—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 860
- muscle, human, in pregnancy, fine structure of (Laguens and Lagrutta), 1040
- and renal changes, irreversible, induced by placental ischemia (rabbit) (Berger and Boucek), 230
- vessel interruption, bilateral, treatment of intractable menorrhagia by (Bateman), 825 (Comm. in brief)
- Uteroplacental blood circulation, effect of uterine contractility on (Borell et al.), 881

- Uterus, cyto- and histopathologic correlation in mixed mesenchymal tumors of (Howdon et al.), 670
- extracellular studies of—helical collagen fibers in uterus (Fainstat), 1026
- helical collagen fibers in—extracellular studies of uterus (Fainstat), 1026
- interaction between neurohormones and sex steroids in intact and isolated—role of autonomic nervous system in uterine contractility and blood flow (Shabanah, Toth, and Maughan), 841
- of monkeys, effect of relaxin on, with observations on cervix and symphysis pubis (Hisaw and Hisaw), 141
- rupture of (Keifer), 328
- by string method of producing cervical carcinoma, comparative study of carcinogenesis in squamous and columnar epithelium of mouse (Iijima, Nasu, and Taki), 946

## V

- Vaccinations during pregnancy, table of (Guenther), 544 (Abst.)
- Vacuum extractions, maternal and infant morbidity and mortality following 455 (Gunther and Retzke), 553 (Abst.)
- Vagina, 957-969
- carcinoma in situ of (Copenhaver, Salzman, and Wright), 962
- primary epithelial malignancy in (Sheets et al.), 121
- Vaginal atresia, split-thickness skin graft technique in congenital and acquired (Whitely, Parrott, and Rowland), 377
- deliveries, perinatal mortality and maternal morbidity in spontaneous and forceps (Nyirjesy and Pierce), 568
- hysterectomies, 700, in small hospital, indications and results with (Stangl and Veres), 837 (Abst.)
- hysterectomy (Gray), 279 (B. rev.)
- dynamic topography of lower ureter in (Hodgkinson, Eyler, and Ayers), 111
- recurrences of invasive intraepithelial carcinoma of uterine cervix, four cases of (Bret and Coupez), 1084 (Abst.)
- smear, in pregnant women (Rahman and Zaman), 1085 (Abst.)
- sterilization, technique of, by transposition of Fallopian tubes into vesicovaginal space ("sterilisation per dislocationem tubarum") (Rosenzweig), 183
- Vaginalis, *Hemophilus*, in nonspecific vaginitis, incidence and significance of (Delaha et al.), 996
- Vaginitis, nonspecific, incidence and significance of *Hemophilus vaginalis* in (Delaha et al.), 996
- Vascular changes in human placenta, vascular hyperreactivity in relation to (Roszkowski and Kuczyńska-Sicińska), 787
- hyperreactivity in relation to vascular changes in human placenta (Roszkowski and Kuczyńska-Sicińska), 787
- Vasopressin during human pregnancy, milk-ejecting effect induced by oxytocin and (Sala), 626
- Venous thrombosis, iliofemoral, deep, during pregnancy (Cegelski, DeWeese, and Lund), 510
- Vermiform appendix in benign cystic teratoid tumor of ovary (Gundersen and Greene), 534 (Comm. in brief)
- Vesicovaginal space ("sterilisation per dislocationem tubarum"), technique of vaginal sterilization by transposition of Fallopian tubes into (Rosenzweig), 183
- Vessel, uterine, interruption, bilateral, treatment of intractable menorrhagia by (Bateman), 825 (Comm. in brief)
- Volvulus, intestinal, postpartum (Qureshi and Hafner), 1080 (Comm. in brief)

- Vulva, carcinoma of (Minh and Lang), 1079 (Comm. in brief)  
ulcerating cutaneous Hodgkin's disease of (Labes and Ring), 272 (Comm. in brief)

## W

- Wall relaxation, anterior, urethral length and, relationship of, to urinary stress incontinence (Beck and Hsu), 738  
Water, total body, metabolism in pregnancy, regulation of sodium and (Gray et al.), 760  
Weber-Christian disease, amenorrhea, and pregnancy (McCall), 362  
West Africa, community of, obstetrics and gynecology in, sociocultural practices relating to (Longo), 470  
Wiederherstellende und plastische chirurgie (Gelbke), 1083 (B. rev.)

- Women, normal, and those with stress incontinence, simultaneous intraurethral and intravesical pressure studies in (Beck and Maughan), 746

## Y

- Year book of obstetrics and gynecology (Greenhill), 1084 (B. rev.)

## Z

- Zelle, strahlenpathologie der, beitrage zur zyto- und histopathologie der strahlenwirkung (Scherer et al.), 1083 (B. rev.)  
Zytopathologie und histopathologie der strahlenwirkung, beitrage zur, strahlenpathologie der zelle (Scherer et al.), 1083 (B. rev.)
